Experience

Freelance Frontend Engineer | Bengaluru | Aug 2025 – Present

- Took a planned career break to support family priorities while continuing selective freelance and consulting work.
- Delivered frontend solutions using React.js, VTEX Commerce, and TypeScript for client projects.
- Explored modern frontend tooling and architectures including micro-frontends and performance optimization techniques.

Technical Lead / Senior Frontend Engineer | Wipro Ltd., Bengaluru | Jul 2024 – Aug 2025

- Led a team delivering a React.js + TypeScript + Contentful CMS enterprise web app.
- Improved performance by 25% using code-splitting, lazy loading, and optimized rendering.
- Built REST APIs with Node.js/Express.js, reducing response time by 15%.
- Ensured mobile-first, responsive design with Tailwind CSS, boosting mobile traffic engagement.
- Mentored developers conducted code reviews, and streamlined estimation processes, reducing delivery delays.

Technical Lead / Senior Frontend Engineer | Trika Technologies Pvt. Ltd., Bengaluru | Dec 2020 - Jun 2024

- Delivered multiple e-commerce websites on VTEX commerce using React.js, Node.js, and GraphQL.
- Developed and published loyalty rewards apps on VTEX marketplace, enhancing customer retention.
- Integrated 3rd party services (payment gateways, reviews, newsletter) via custom React components.
- Improved checkout flow conversion rate by 18% through UX and performance enhancements.

- Directed development sprints, enforced coding standards, and reduced QA defects.

Sr. Associate – Projects (Frontend / Automation) | Cognizant Technology Solutions, Bengaluru | Oct 2019 - Dec 2020

- Built HYDRA automation testing framework for Walt Disney World using Protractor.
- Achieved 80% test automation coverage, reducing manual QA by 100+ hours per release.
- Created reusable page objects, locators, and test suites to improve maintainability.
- Actively contributed to GitHub repos, peer reviews, and documentation updates.

Web Developer | Primus Global Technologies Pvt. Ltd., Bengaluru | May 2018 - Oct 2019

- Built responsive web components with HTML, CSS, and JavaScript following Oracle standards.
- Delivered pixel-perfect PSD-to-HTML conversions, reducing UI defects by 30%.
- Developed dashboards and CRUD services using Oracle APEX + REST APIs.

Interactive Developer | Echidna Software Pvt. Ltd, Bengaluru | May 2016 to May 2018

- Developed e-commerce sites on Kibo (Mozu) with HTML, CSS, JavaScript and Backbone.js.
- Owned end-to-end delivery of pixel-perfect, SEO-compliant, and mobile-responsive websites.
- Built reusable widgets and interactive components for dynamic content management.

Web Developer | Primus Global Technologies Pvt. Ltd., Bengaluru | Feb 2015 to May 2016

- Migrated Oracle Partner Network pages to modern layouts using Oracle WebCenter Content.
- Supported global partner requests, ensuring content accuracy and compliance.

Software Developer | STYRE Solutions Pvt. Ltd, Bengaluru | Dec 2012 to Jan 2015

- Created responsive websites with HTML, CSS, and JavaScript by converting PSD to HTML.
- Handled end-to-end hosting, database schema design, and maintenance for client sites.

Recent Project

Emergency Service and State Super Australia | React.js + Node.js + Express.js + JWT + Contentful CMS

- Built website using React.js, Tailwind CSS, integrated with Contentful CMS and REST APIs with Node.js/Express.js, enabling secure authentication with JWT, CRUD operations, and real-time form submissions, reducing response time by 15%.
- Improved performance by 25% using code-splitting, lazy loading, and optimized rendering.

Education

Bachelor of Computer Science & Engineering | Vel Tech High Tech Engineering College, Anna University, Chennai | 2012

Certifications & Recognitions

2025 – Being Responsive Award | 2024 – Zinrelo Connector App listed on VTEX Store | 2021 – VTEX Developer Certification | 2017 - Spot Award for improving production checkout conversion
